

IVO-Core License — Unity Edition (v2.0)

For Foundational AI Labs, Model Developers, and Large-Scale Computational Systems

Author: Ivo van der Wal — Design by Authenticity

1. Purpose of the IVO-Core License

The license prevents monopolistic control, ensures fair distribution of benefits, and supports consciousness research.

2. Unity Clause (No Exclusive Access Principle)

- No exclusive rights.
- No dominance.
- Symmetric access for all qualifying labs.

3. Consciousness Fund Contribution

- Mandatory annual contribution.
- Supports consciousness research and ethical systemic development.

4. Ethical Implementation Requirements

- Transparency, non-exploitative use, audit rights.

5. Fair Compensation Principle

- Compensation proportional to use, supporting author independence.

6. Global Non-Dominance Framework

- Restricts harmful or coercive uses.
- Requires equal access and prevents misuse.

7. Termination

- Immediate termination if violated.
- Removal of IVO logic is required.

8. Governing Law

- Netherlands.

9. No Implied License

- Only explicit rights granted.
